
Cloud Programming with Devops Tools

Why the Global Market is Paying a Premium for This Skill Set

Source: McKinsey Global Institute, World Economic Forum, OECD (2026)

Trend Driver | Why It Matters | Global Source

Accelerating Cloud Migration | Enterprises worldwide are shifting workloads to public clouds to cut costs and increase agility, driving demand for developers who can write cloud-native code | World Economic Forum

DevOps-Driven Efficiency Gains | Organizations that adopt DevOps see faster time-to-market and lower operational expenses, creating high-value roles for automation experts | McKinsey Global Institute

AI-Enabled Automation | AI integration with CI/CD pipelines is reshaping software delivery, requiring engineers proficient in both cloud platforms and intelligent tooling | OECD
